ANGELA LENIU
FOR LOCAL COORDINATOR &
SECRETARY-TREASURER
2027-2029

As the Bargaining Unit President of the Health Care Professionals since January 2024, I have increased communication, transparency and overall satisfaction of our union membership. I am the hardest worker because I care about this role and about the future of our union. Electing me as the Local Coordinator will bring about **REAL CHANGE** for you as a member.

Your voice. Your dues. Your Local.

It is time for change - change that delivers:

- Stronger communication
- Greater transparency
- Meaningful member representation
- Increased accountability

I am committed to working collaboratively with the Executive Team to support strategic planning, financial stability, fiscal responsibility, and the responsible use of our Local's resources. Most importantly, I will ensure that members remain at the centre of decision-making.

I WILL

- Provide members with timely, clear, and meaningful information.
- Introduce a quarterly newsletter to keep members informed.
- Advocate for a virtual option at General Meetings so more members can participate.
- Strengthen communication between the ONA Board of Directors and our members.
- Ensure members' concerns and priorities are heard and represented.
- Promote financial transparency and help members understand how their dues are being spent.
- Keep members informed, involved, and engaged in decisions that affect them.
- Support a more open, accountable, responsive, and member-focused Local.

Our members deserve to know how decisions are made, where their money goes, and who is advocating for them. We deserve a Local that listens, communicates, and puts its members first.

With your support, we can build a stronger, more transparent, accountable, and responsive Local.
