

Dear Members,

My name is **Angela Leniu**, and I am a **Radiation Therapist** at **Credit Valley Hospital**. I have served as the **Bargaining Unit President** of the **Health Care Professionals** since **January 2024**. Over the past 20 years, I have worked as a Radiation Therapist at Credit Valley, Princess Margaret Hospital, and in Auckland, New Zealand, **serving as a Union Rep for over five years across these workplaces.**

While I have valued my time on the Local 34 Executive Team over the past three years, I believe we can make our Local more **welcoming, communicative, transparent, and accountable to our members**. The Local Coordinator (LC) leads our Local, oversees **financial decisions** regarding member dues, manages Executive Team performance, and connects members with the Board of Directors. Currently, our Local receives \$20.25 from your monthly dues, plus a \$5 monthly levy, with the Secretary-Treasurer managing accounting based on the decisions of the LC and Executive Team.

My goal for the 2027–2029 term is to serve as your Local Coordinator to help transform our Local, listen to your needs, and increase member involvement.

Please review my campaign flyer below for details on my commitments for change.

I also encourage you to follow our Local ONA34 social media pages to stay informed. If you are a candidate running for a position and would like your campaign statement posted on our Instagram or Facebook pages, please email me at local034BUP100228@ona.org
